Dear Mr. Greenfield:

We are writing to confirm that the reconstruction of Reas Bridges is included in the State Transportation Improvement Program or STIP. The project is included in the current Decatur Urbanized Area Transportation Study Transportation Improvement Program 2020-2023. The Department's STIP includes Decatur Urbanized Area Transportation Study's Transportation Improvement Program by reference therefore, the project as identified in Decatur Urbanized Area Transportation Study Transportation Improvement Program is how it is represented in Illinois' STIP.

Thank you for your request.

Sincerely,
